# History

Est. 1982

MISSO was founded in 1982 by a consortium of faculty including Dr. Michael Parks and students involved with the Management Information Systems department at the University of Houston.

Over the past 35 years, MISSO has been an integral part of Houston's Information Technology community, and our alumni are often seen leading the workforce in executive positions in the greater Houston area.

The Kahoot! logo is presented as a white-bordered rectangular graphic. The background is divided into four quadrants: top-left is red, top-right is blue, bottom-left is yellow, and bottom-right is green. Each quadrant contains a faint, semi-transparent world map. The word "Kahoot!" is written across the center in a large, white, rounded, sans-serif font. The exclamation point is notably larger than the other characters.

# Point Information

## Why:

Promote *active participation and involvement* of members

*MISSO vows to only use points as rewards and not penalties*

A student is not required to receive any points to be considered a member

*\*Members need at least 60 points to be eligible to vote during officer elections*

*\*\*The top two point earners at the end of the semester will receive scholarships*

## How:

At each MISSO event, we will be able to record your attendance when you 'swipe in' with your Cougar Card or sign-in with your PeopleSoft number.

Our database will automatically calculate your overall points and display it on our 'Master Points' sheet.

## Where:

Master Point Book will update on the MISSO website every Sunday at 11:59 pm! Please feel free to contact
